

# Projections of federal healthcare spending have improved but are still climbing as a share of the economy

## MAJOR HEALTH CARE PROGRAMS (% OF GDP)

SOURCE: Congressional Budget Office, *The Long-Term Budget Outlook*, June 2010, *Historical Budget Data*, March 2016, and *The 2016 Long-Term Budget Outlook*, July 2016. Compiled by PGPF.

NOTE: Federal spending on major health programs is net of Medicare premiums.
