

Non-defense discretionary spending funds a wide range of programs

Non-defense Discretionary Outlays in 2020 (Billions of Dollars): \$913 Billion

SOURCE: Office of Management and Budget, *Historical Tables, Budget of the United States Government: Fiscal Year 2022*, May 2021.

NOTES: Health includes funding for agencies that provide healthcare services or engage in health research, such as the National Institutes of Health, Centers for Disease Control and Prevention, and Indian Health Service. General government includes central executive and legislative functions as well as the administrative costs of Social Security, Medicare, and income security programs. Energy (\$6 billion) is included in Transportation. Agriculture (\$17 billion) is included in Natural Resources and Environment. Veterans' benefits primarily consists of medical and hospital care. In 2020, spending on health programs was boosted by programs to address the pandemic; in 2019, the largest category was transportation.
